Dubbed as the greatest ever epic, The Mahabharata is the longest epic in the world having a total of 94 episodes. The story is based on Krishna's childhood and youth and covers the period of 1200 years. The story of the epic is narrated through the verses of Sage Vyasa. It includes many familiar stories, characters, and episodes. Mahabharata – 94 Episodes Episodes 1-7 are known as the Udyoga Parva of the epic. This part of the Mahabharata contains the major characters from the story and also has some of the most memorable events of the epic. The story is further divided into seven chapters. It starts with a young boy named Krishna living in the forest with his foster father, the sage Vyasa. Here begins the story of the epic. This is the part where the main protagonist, Krishna, grew up, trained under the sage Vyasa. The later became the teacher and mentor of the boy. The two of them lived a simple and rustic life. It includes a lot of adventure, love, and rivalry. The story further narrates the animosity between Krishna and Yudhishtira, the main antagonist. The parts of the story were mainly told to us by the narrator Vyasa. This is the part where the main protagonist, Krishna, grew up, trained under the sage Vyasa. The later became the teacher and mentor of the boy. The two of them lived a simple and rustic life. 82157476af
